## Independent Auditors' Report

Mayor and City Council  
City of Americus, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Americus, Kansas as of and for the year ended December 31, 2014 and the related notes to the financial statement.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1 to meet the financial reporting requirements of the State of Kansas. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the Kansas Municipal Audit and Accounting Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Basis for Adverse Opinion on the U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statement, the City of Americus, Kansas prepared this financial statement to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### **Adverse Opinion on the U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Americus, Kansas, as of December 31, 2014, or the changes in its financial position or cash flows for the year then ended.

**Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City of Americus, Kansas, as of December 31, 2014, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

**Report on Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget and individual fund schedules of regulatory basis receipts and expenditures-actual and budget (Schedules 1 and 2 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, but are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. In addition, certain prior year actual information has been presented for a comparative analysis and is not a required part of the basic financial statement. This comparative information has been derived from the City's 2013 basic financial statement and, in our report dated November 5, 2014 we expressed an unmodified opinion on the financial statement and respective schedules, taken as a whole, on the regulatory basis of accounting. The 2013 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the website of the Kansas Department of Administration at the following link <http://da.ks.gov/ar/muniserv/>. All supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 and 2014 basic financial statement. The 2013 and 2014 information has been subjected to the auditing procedures applied in the audit of the 2013 or 2014 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2013 and 2014 information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

City of Americus  
Lyon County, Kansas

Notes to the Financial Statement  
December 31, 2014

NOTE 1 – Summary of Significant Accounting Policies

The City has established a uniform system of accounting maintained to reflect compliance with the applicable laws of the State of Kansas. The more significant of the City's accounting policies are described below.

Financial Reporting Entity

The City of Americus, Kansas was organized in 1857 and operates as a third class city in accordance with the laws of the State of Kansas. The City has a population of approximately 950 and is governed by an elected mayor and five-member council. This report includes all services provided by the City to residents and businesses within its boundaries. Services provided include parks and recreation, fire and police protection, street maintenance and general administrative services. In addition, the City owns and operates two major enterprise activities, a trash collection and local sewer system. The City's financial statement does not include any related municipal entities.

Regulatory Basis Fund Types

The accounts of the City are organized and operated on the basis of funds, which are used to record the City's financial transactions. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Cash and other financial resources are recorded together with all related expenditures. A fund is used to segregate specific activities and for the purpose of attaining certain objectives in accordance with special regulations, restrictions, or limitations including State Statutes and City Ordinances. The following types of funds comprise the financial activities of the City.

Governmental Funds

General Fund - The General Fund is the chief operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Purpose Funds – Special Purpose Funds are used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital projects and tax levies for long-term debt) that are intended for specified purposes.

Business Funds

Business Funds – Business Funds are financed in whole or in part by fees charged to users of the goods or services. Funds are operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of receipts, expenses, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

City of Americus  
Lyon County, Kansas

Notes to the Financial Statement  
December 31, 2014

NOTE 1 – Summary of Significant Accounting Policies (Cont)

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America (Cont)

The City approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

Reimbursed Expenses

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria:

1. The related disbursement was made in the current year on behalf of the payee,
2. The item paid for was directly identifiable as having been used by or provided to the payee, and
3. The amount of the reimbursement is directly related to the amount of the original cash disbursement.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held, and the governing body may amend the budget at that time. No such amendments were made for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are to be prepared using the regulatory basis of accounting, in which receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payables and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital projects funds, trust funds, permanent funds and the following special purpose funds: Special Equipment and Capital Improvements Funds. Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

City of Americus  
Lyon County, Kansas

Notes to the Financial Statement  
December 31, 2014

NOTE 2 – Stewardship, Compliance, and Accountability

Compliance with Finance-Related Legal and Contractual Obligations

References made herein to the statutes are not intended as interpretations of law, but are offered for consideration of the Director of Accounts and Reports and interpretation by the County Attorney and legal representatives of the municipality.

Management is not aware of any statutory violations for the period covered by this audit.

NOTE 3 – Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the city. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The city has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be entirely returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at December 31, 2014.

Cash balances from all funds are combined and invested, to the extent possible in interest bearing accounts and certificates of deposit. All investments are stated at cost. Earnings from these investments, unless specifically designated, are allocated to the general fund. All investments are held in the City's name.

At year-end the carrying amount of the city's deposit was \$696,747. Actual bank balances were \$699,132. The difference between the carrying amount and the bank balance is composed of checks that have not cleared and deposits in transit. Of the bank balance, \$250,000 was covered by federal depository insurance and \$449,132 was collateralized with securities held by the pledging financial institutions' agents in the City's name. The city held no investments on December 31, 2014.

NOTE 4 – Ad Valorem Tax Revenues and Property Taxes

The determination of assessed valuations and the collection of property taxes for all political subdivisions in the State of Kansas is the responsibility of the various counties. The County Appraiser annually determines assessed valuations based on real estate transactions recorded by the Register of Deeds and personal property transactions reported by taxpayers. The County Clerk spreads the annual assessment on the tax rolls. The County Treasurer is the tax collection agent for all taxing entities within the County.

In accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. One-half of the property tax is due December 20<sup>th</sup> prior to the fiscal year for which they are budgeted, and the second half is due the following May 10<sup>th</sup>. The county treasurer collects and distributes the property taxes. In

City of Americus  
Lyon County, Kansas

Notes to the Financial Statement  
December 31, 2014

NOTE 4 – Ad Valorem Tax Revenues and Property Taxes (Cont)

accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the following year's operation.

Undistributed taxes from the prior year levy are recognized as income in the current year. It is not practicable to apportion delinquent taxes held by the county treasurer at year end and, further, the amounts are not material in relationship to the financial statements taken as a whole.

NOTE 5 – Pension Plan

Plan Description – The City of Americus, Kansas participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Funding Policy - K.S.A. 74-4419 and 74-49,210 establishes the KPERS member-employee contribution rates. Effective July 1, 2009, KPERS has two benefit structures and funding depends on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes member-employee contribution rate at 5% of covered salary for Tier 1 members and at 6% of covered salary for Tier 2 members. The employer collects and remits member-employee contributions according to the provisions of section 414(h) of the Internal Revenue Code. Kansas law provides that the employer contribution rate be determined annually based on the results of an annual actuarial valuation. KPERS is funded on an actuarial reserve basis. Kansas law sets a limitation on annual increases in the contribution rates for KPERS employers.

NOTE 6 – Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Insurance claims have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance coverage from coverage in prior years.

NOTE 7 – Other Long-Term Obligations from Operations

Compensated Absences

City employees may earn up to three weeks of paid vacation per year. Payment in lieu of the vacation days is not permitted and carry-over is limited to a maximum of five vacation days. Vacation leave is payable upon termination. Employees also earn up to twelve days per year sick leave with a maximum carry-over of ten days. Three days of sick leave may be re-deemed for one personal day once a year. Sick pay is forfeited upon termination. Employees also receive two discretionary days per year. Payment in lieu of discretionary days is not permitted. The costs of accumulated compensated absences are not recorded at the time the benefits are accumulated, but rather at the time such benefits are paid. No estimate has been made of the total accumulated leave nor has any been included in this statement.

City of Americus  
Lyon County, Kansas

Notes to the Financial Statement  
December 31, 2014

NOTE 8 – Long-Term Debt

The loan payable to the Kansas Department of Health and Environment, for wastewater treatment improvements, approved amount \$1,637,000, advanced total \$1,637,000, is payable from revenues of the Sewer Utility. The loan, which bears interest at 2.57%, is to be retired in semi-annual installments of \$52,256 through calendar year 2027. No lien or other security interest is granted to the Kansas Department of Health and Environment, however should Sewer Utility revenues be insufficient to pay costs of operation and maintenance of the system and pay the principal, interest and other amounts due under the loan agreement, the City shall levy ad valorem taxes to produce the required amounts.

Changes in long term debt are as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Payments</u>	<u>Ending Balance</u>	<u>Interest Paid</u>
KDHE loan	<u>\$ 1,185,806</u>	<u>\$ 0</u>	<u>\$ 74,512</u>	<u>\$1,111,294</u>	<u>\$30,000</u>

Maturities of the loan for the next five years and in five year increments thereafter are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	76,440	28,072	104,512
2016	78,417	26,095	104,512
2017	80,445	24,067	104,512
2018	82,526	21,986	104,512
2019	84,660	19,852	104,512
2020-2024	457,304	65,256	522,560
2025-2027	<u>251,502</u>	<u>9,598</u>	<u>261,100</u>
Total	<u>\$1,111,294</u>	<u>\$ 194,926</u>	<u>\$1,306,220</u>

NOTE 9 –Transfers

The City transferred monies between funds as allowed by applicable Kansas statutes. The following schedule details transfers made in 2014.

<u>Transferred from:</u>	<u>Transferred to:</u>	<u>Statute</u>	<u>Amount</u>
General	Equipment Reserve	12-1,117	6,000
Special Highway	Equipment Reserve	12-1,117	5,000
